

# DESIGN/BUILD

- **COST EFFECTIVE DESIGN/BUILD CONCEPTS**
- **EXPERIENCED LEADERSHIP**
- **FAST TRACK CONSTRUCTION TECHNOLOGIES**
- **A PROVEN TRACK RECORD**
- **HIGHEST QUALITY STANDARDS**

If these are some of the requirements that come to mind when considering a construction company for your new facility; then our team of professionals should be your first choice.

As a General Contractor, we specialize in “TURN-KEY CONCEPT TO COMPLETION” projects, including all architectural, engineering, general construction and supervisory requirements.

## CONTRACTORS, MANAGERS AND TECHNOLOGISTS INC.

Working with **C.M.T., INC.** gives you the advantage of our unique **DESIGN-BUILD** system, in which the Architect, Engineer and General Contractor work in concert; from preliminary phases through the final move in.

This unique approach means that not only will your new facility be attractive and structurally

sound but most importantly it will be completed on time and within budget.

We also offer project administration through construction, manament services.

# EXPERIENCED LEADERSHIP

Our team of seasoned professionals at **C.M.T., INC.** have an average of more than 45 years experience in the Gulf Coast construction industry. With projects that include a wide range of construction techniques and customized solutions tailored for each project and customers needs.

Combining innovative construction technologies with experienced leadership is one of the key reasons behind our success.

*Satisfied customers are the result of our commitment to professional service for more than 20 years.*

# FAST TRACK CONSTRUCTION

As an authorized dealer for Midwest Steel Building Company, **C.M.T., INC.** offers unlimited possibilities and unique solutions for your building needs. Our experience in combining pre-engineered steel buildings and conventional construction

provides for fast and efficient completion, combined with outstanding curb appeal.

# THE FOUNDATION FOR SUCCESS

**W**e adhere to the philosophy that our most valuable asset is the satisfied customer. **At C.M.T., INC. the foundation of our business is built on customer satisfaction.**

We have completed over twelve hundred projects since our inception in 1988, and over seventy percent of our work has come from repeat clients or through referrals.

This high referral rate results from one simple concept, our dedication to **QUALITY; QUALITY** design, **QUALITY** materials and **QUALITY** relationships with our customers.

Our expertise includes numerous facilities for Auto Dealerships, Office Warehouse projects, Machine Shop/Crane buildings, Retail facilities and numerous Remodel jobs.

Like hundreds of Houston Businesses already know, you can trust our team to handle your most complex building needs. If you are contemplating construction of a new facility, an addition to an existing building, or a facelift/remodel to your present location, let us show you the most efficient methods available to make your vision become a reality.

**Our customers are our top sales team**
